Rev. Mr. Flippo's Lecture.—Rev. Mr. Flippo, of Baltimore, delivered his celebrated lecture, "Anger, or the Folly of Getting Mad," last night, in the Baptist Church, in this city, to a large and appreciative audience.

The lecturer abounded with wit and humor, and while it was entertaining to a high degree, and convulsed the audience with laughter, the truths it contained and the remedy suggested for man's besetting sin, that of anger, was most forcibly presented.

The standard, and the "they say" family, and the "sneaking committee," who never knew anything themselves, but were continually sneaking something wrong about their neighbors, was pictured true to nature, and upon them the lecturer was very, but not unkindly, severe.

The quibbles of lovers, afforded much amusement to the audience, and especially to the young people, for he spoke to the experience of so many present; but the domestic quarrels, which the lecturer styled the serious part, was the crowning feature of the lecture.

"Many a woman," said he, "is today, most bitterly suffering, not for wealth, honor or fame, but from mere neglect, and for the love of him, to whom she has given her purest love." He concluded with a happy reference to the putting away of all quarrels, and especially domestic quarrels, and the cultivation of a kindly spirit to all, saying "that there was joy and peace, when there's joy at home."

Mr. Flippo is an easy, graceful and beautiful speaker, and certainly this lecture does credit to the head and heart of the man.

ALEXANDRIA INFIRMARY.—The Southern Churchman, speaking of the Alexandria Infirmary, the annual statement of which lately appeared in the Gazette, says:

"Many of our readers know that for several years past Miss Johns, daughter of the Bishop, has been earnestly engaged in organizing a hospital for the sick of Alexandria and the neighborhood. She has been successful in her work, but as money is spent every day, so she needs it every day. It is friends will be interested to know something of it."

Since it went into operation upwards of ninety patients have been cared for within its walls. During the past year it has received twenty-six cases, which have been treated with Christian kindness by nurses and physicians, and received words of faithful counsel and sympathy, some until health has been regained, others until death has terminated their sufferings. Its expenses during the year have amounted to \$710, which shows rich economy in its management. Its needs now are very pressing, and we hope that many will send their free will offerings to its treasury to relieve its embarrassment. The people of Alexandria ought to aid it liberally."

PERSONAL.—At a meeting of the Jackson Association of Washington, held in that city, last night, the Washington Republican says:

"Mr. William J. Gay, an ex-New York Senator, and a Democrat, but a resident of Alexandria, and a native of the State, offered his services as a speaker, and amused his hearers for over half an hour about his experience in Bill Tweed's old district—the Fourth Congressional of New York—and how majorities were rolled up there from ten to seventeen thousands, as occasion required. The fight in that district was between two Democrats, Morrissey and Fox, and the speaker predicted the election of the latter by at least fifteen hundred majority. Mr. Gay spoke of his connection with the whig party, and said, when the party went down, he joined his fortunes to the Democratic party. He quoted Daniel Webster against his action, and closed by saying that the duty of the opposition was to meet the party in power squarely in the field, and rout them, if possible."

POTOMAC LODGE, I. O. G. T.—Potomac Lodge of Good Templars held a very pleasant meeting last night, at which there was present a full attendance of the members. After the transaction of some regular routine business, an election of officers was had, Benj. D. Staines being elected Worthy Chief Templar, and D. R. Stansbury, delegate, and B. D. Staines, alternate, to the Grand Lodge of Virginia, which meets in Richmond on Tuesday, the 15th inst.

RACING.—At the inaugural trotting meeting at Washington, D. C., driving park, the race for the 238 class did not fill, and only one entered to the post in the three minute class. In the 224 class, purse for \$2,000, \$1,000 to the first, \$500 to the second, \$250 to the third, and \$200 to the fourth, Annie Collins won the first heat in 2:31, Joe Brown the second in 2:29, Observer the third in 2:24, and Joe Brown the fourth in 2:27. The deciding heat will be run to-day.

MR. J. J. WHEAT'S CONDITION.—A letter from Chicago, dated on Sunday night, to the editor of this paper, says:

"I have in company with my brother, just returned from the sick chamber of Mr. J. J. Wheat, and am happy to report a decided improvement in his condition since last night, and think in a few days, with care, he will be restored to health. He is most sadly afflicted, and will have the sympathy of many friends."

PRINCESS STREET.—The Committee on Streets of the City Council have awarded the contract for building the trunk for Princess street to W. H. Hodgkins. As soon as completed the trunk will be laid by the Superintendent of Police under the direction of the Committee on Streets. The completion of the trunk will be delayed a little by the failure of the contractor for supplying the lumber to deliver it at the specified time.

POTOMAC FRUIT GROWERS.—The Potomac Fruit Growers' Association held its monthly meeting in Washington yesterday afternoon, President Gillingham in the chair. An essay on "the apple," tracing the history of its cultivation, was read by the president.

FUNERAL.—The remains of the late Mrs. Geo. Childs, who died on Saturday last, in Statesburg, S. C., were interred by the side of those of her husband in St. Paul's Church Cemetery, near this city, this morning.

POLICE REPORT.

The following cases have been reported at police headquarters since yesterday afternoon:

Reuben Tyler, for threatening the life of John Richard, both colored, was fined and put under bonds to keep the peace.

Wm. Madella, colored, for disorderly conduct at the Fourth Ward polls, for riotous behavior, and for resisting police officers, was fined \$15 and discharged.

The Radical politician arrested at the First Ward polls, yesterday, was dismissed with an admonition.

The above cases were before the Mayor.

Peter Taylor, colored, committed to jail for stealing coal from H. S. Johnson, of Alexandria county, was released, as the term of his imprisonment had expired.

Peace warrants were issued and executed against J. F. Chinn, Wm. Cole, Clara Hamilton and George Hamilton, all colored, at the instance of each other, and they were all bound over to keep the peace and made to pay costs by Justice Nails.

Lizzie Davis, for assaulting Lizzie West, both colored, was locked up for examination.

Six lodgers were accommodated at the station house last night.

THE MONTPELIER.—Lottery are daily reaching this office from all sections of the United States—this fact by the way goes to show that the sale of tickets must have been immense—asking for the "true story" with regard to the Montpelier Lottery, and now that the election is over it is the generally expressed wish not only of the pecuniarily interested, but of the numerous friends of the gentlemen whose names have been unfortunately connected with the affair, that the promised full and complete statement of the whole concern from the beginning until the end thereof, be prepared by one who has facilities for finding out all its secrets and who is in every way competent for the task, may be furnished and published at an early day.

HYDRAULIC FIRE COMPANY.—The regular monthly meeting of the Hydraulic Steam Fire Company was held last night, but no business was transacted other than the election of five contributing members, receiving one proposition for active membership, and receiving a report of progress from the Committee on Amusements.

THE WEATHER.—The weather, to-day, has been cold and cloudy, including a fear of snow until about noon, when a drizzly rain set in, making out of door exercise exceedingly disagreeable.

THE ELECTIONS.

New York.

NEW YORK, Nov. 3.—The Times says there is good encouragement for the belief that Mr. Seward and his companions on the State ticket are elected by more than 8,000 majority. The returns indicate that the Senate will consist of 21 R. publicans and 11 D. democrats, the Assembly of 79 Republicans and 49 Democrats, giving the Republicans a majority of 40 on joint ballot. In this city the entire anti-Tammany ticket for county officers has been elected. Recorder Hackett and District Attorney Phelps have majorities of nearly, if not quite 24,000. Three at least of the R. republican candidates for Civil Justice have been elected. The Republicans have elected their two candidates for Aldermen at large. We estimate that the Republicans have carried 45 out of the 59 counties of the State. In this city Tammany Hall has succeeded in electing but one Senator, Mr. Gerard, two of the remaining districts being carried by the Republicans, Messrs. Booth and Baden, and two by anti-Tammany Democrats, Messrs. Morrissey and Bixey. Instead of the four Republican districts which we were reduced last year the R. publicans carried at least nine districts yesterday. It is a perfectly safe assumption that not more than one-third of the Assembly delegation from this city has been elected from the K. J. ticket.

The Times editorially congratulates the Republicans on the result, and says Tilden as a Presidential candidate has destroyed himself, and it is now beyond doubt that both Republicans and Democrats will have to place new candidates before the people next year if they wish to succeed. Gen. Grant has long been out of the question as a Presidential candidate and now Gov. Tilden may safely make up his mind to close his public life with his present term of office. No one need fear that the Republican successes will revive the "third term" project. That is dead as Julius Caesar. We never should have supported such a scheme under any circumstances, and nothing whatever would lead us to do so now.

The World says: The State is very close. We claim it by about 5,000 majority. The latest returns received are better for the Democracy. The Legislature is in doubt. The majority will be small in both branches. The Assembly, we believe, will be Democratic. The political complexion of the Senate cannot be determined until more full returns are received. Bigelow's majority in the city is 28,000, and the anti-Tammany county ticket from 22,000 to 24,000.

The Times fixes Morrissey's majority at 3,500. The World alludes to the Democracy carrying the State by 5,000, and says the public opinion will gratify steadily toward their support, and of 5,000 of the "old year" of 1875 will become again the 55,000 of the Continental year of 1876.

NEW YORK, Nov. 3.—The Herald says: In the State the Democracy probably win by a majority, ranging from 5,000 to 6,000. This shows a loss of over 40,000 of the Tammany majority. New York city and county and Kings county carry about 35,000 D. democratic in jury, thus overcoming the Republican gains in several counties of the State. This will insure the election of Bigelow for Secretary of State. The general results (the Herald says) of the election in this city yesterday will scarcely surprise any one who has carefully watched the course of the campaign. The attempts of the Tammany Hall organization to thwart the popular will by subverting the judiciary and all other impartial officers to the service of a political leader were defeated at every essential point.

The Tribune says New York has 200 D. democratic by a reduced majority. It says at this time (3 a. m.) it is difficult to estimate closely the majority for Bigelow. Outside the counties of New York and Kings the majority for Seward is like 25,000 at least. On the other hand Bigelow has about 8,000 in Kings, and in the neighborhood of 27,000 in the entire State. Both houses of the Legislature are Republican, that party having probably a two-third vote.

Editorially the Tribune says: It will not be pretended, we presume, that this is in any sense a Republican victory in the city and county. The R. publicans have elected their Tammany Democracy, and in return for the assistance rendered by the latter have given their county officers and a victory over Tammany Hall. The whole affair is a defeat for the State to the Tammany Democrat.

The Sun gives the State to the Republicans.

ALBANY N. Y., Nov. 3.—Up to noon today the returns indicate the election of twenty R. publicans and twelve D. democrats to the State Senate. The R. publicans claim the election of their Senators in the following districts: 1st, 5th, 9th, 11th, 12th, 13th, 15th, 16th, 17th, 19th, 20th, 21st, 22d, 23d, 24th, 26th, 28th, 29th, 30th and 32d. The Democrats claim the election of 70 members to the Assembly to 58 Republicans.

Michigan.

DETROIT, Nov. 3.—Lewis, Democrat, for Mayor, has 1,678 majority. The remainder of the R. republican city ticket is elected, with the exception, possibly, of the District Attorney. The Council will stand nearly a tie on the Sunday liquor traffic question.

Kansas.

LEAVENWORTH, Nov. 2.—midnight.—The whole Republican county ticket is probably elected by about 300 majority. No returns have been received from the State, and nothing can be given in regard to the results tonight.

From South America.

PANAMA, Oct. 21.—A fire at Iquique, Peru, on the 7th inst., destroyed three fourths of the place. Twenty four blocks of houses, stores, banks, offices, &c., were consumed. The firemen, aided by the crews from the ships, made every effort to arrest it. Throwing sea water on the flames made them worse, Iquique being built of wood, as well as the sidewalks, and the soil impregnated with nitrate, made all efforts to control the fire unavailing. It is calculated that about \$5,000,000 worth of property has been destroyed. The principal buildings burned are the branch of the National Bank, the Town House, the Iquique and Commercial hotels, the office of the Pacific Steam Navigation Company, the market place, and the London and Mexico Bank. Abundant aid has been forwarded to the sufferers from Lima by the Government. The English and German residents, the theatre, and the Free Masons, have all been actively engaged in collecting funds.

A terrible fight, has taken place between the partisans of Admiral Montero, and those of General Prado.

The Presidential candidate, and several of those engaged were left dead and wounded.
